

# Factsheet

## ValueAnalyzer for TriCore

Release 22.04i, b11151778

May 2, 2022

ValueAnalyzer is a static program analyzer for value analysis of register and memory contents. It is particularly useful for verifying the absence of illegal accesses to an embedded software system from within third-party modules provided as object code.

## Key benefits

- The analysis is fully automatic and valid for all inputs. No input patterns need to be provided.
- The analysis performed by ValueAnalyzer is conservative, i.e. the results are safe. All illegal accesses that are present will also be reported.
- Supplied third-party software can be analyzed right away. It does not have to be integrated on the ECU.
- No debug information is required. The results are not affected by possible bugs in the debug output.
- Seamless integration with other analysis tools from AbsInt in an intuitive user interface.

## Supported compilers

- Wind River Diab C/C++ Compiler
- Tasking C/C++ compiler
- HighTec GNU C/C++ Compiler
- GNU C/C++ Compiler (GCC)
- Green Hills C/C++ Optimizing Compiler

## Supported architecture variants and extensions

- AUDO NextGeneration (Core 1.3):  
TriCore 1762, 1766, 1796
- AUDO Future Family (Core 1.3.1):  
TriCore 1167, 1197, 1736, 1767, 1797

- AUDO MAX Family (Core 1.6):  
TriCore 1724, 1728, 1782, 1784, 1791, 1793, 1798
- AURIX Family (Core 1.6P/1.6E/1.6.1):  
TriCore 275, 277, 297
- AURIX Family 2nd GEN (Core 1.6.2P):  
TriCore 367, 37x, 38x, 39x

## System requirements

- Windows: 64-bit Windows 10 or newer
- Linux: 64-bit CentOS/RHEL 7 or compatible
- 4 GB of RAM (16 GB recommended)
- 4 GB of disk space

## Also available

The following AbsInt products are also available for this target:

- aiT
- StackAnalyzer
- TimingProfiler
- TimeWeaver

## About AbsInt

AbsInt provides advanced development tools for embedded systems, and tools for analysis, optimization and verification of safety-critical software. Our customers are located in more than 40 countries worldwide. We have distribution agreements with major software distributors in Asia, North America, Middle East, and throughout Europe.
